

# Mooring Disturbance Standard

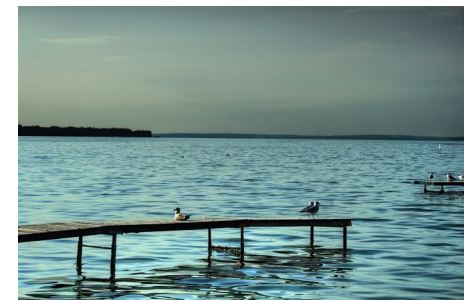

## Moorage Allowance Infographic

# Summer Village of Norris Beach

## Boat Mooring Guidelines & Requirements

## **OVERVIEW**

*As of 2021, the Alberta Government has new requirements for placing docks and mooring structures in Alberta Lakes. This brochure outlines the requirements and process for residents to place a temporary, seasonal dock for personal recreational use.*

## **WHAT YOU NEED TO DO...**

1. Examine the 'Moorage Allowance Infographic' located in this brochure.
2. Assess if your moorage plan is entirely consistent with the dimensions in that 'infographic'
3. If your property is on the water and your dock, lift and other structures meet all the standards in that graphic, no further action is required.

4. If your dock or other structures deviate from the 'infographic' you require to apply for Municipal approval and provincial government "Temporary Field Authorization" (TFA)

*See the next panel for information on how to obtain a TFA.*

5. If your dock or other structures are to be placed in the water adjacent to municipal property (parks and reserves), one person needs to obtain approval from the Summer Village.

*See the next panel on how to obtain Municipal approval.*

6. All equipment in front of Municipal property once approved, must be **clearly marked as per ownership.**

**Unregistered or unmarked equipment will be removed at the owners cost.**

## **OBTAINING MUNICIPAL APPROVAL:**

- If your equipment is on Municipal property OR if you require a TFA for a deviation, you will require Municipal approval. Obtain the Boat mooring form at <https://norrisbeach.ca/Policies/>

And email to [information@svofficepl.com](mailto:information@svofficepl.com) or mail to Box 100 Ma-Me-O Beach, AB TOC 1X0

## **OBTAINING A PROVINCIAL TFA:**

- If you require a TFA you will need to obtain Municipal approval first, followed by a provincial ID and then apply for a TFA. For detailed directions go to <https://open.alberta.ca/publications/plar-approvals-and-authorizations-administrative-procedures>  
Or call Cody Nahirniak with Alberta Environment and Parks 780-721-2525 or email [cody.nahirniak@gov.ab.ca](mailto:cody.nahirniak@gov.ab.ca)

**If you require assistance with either the municipal permit or a provincial TFA contact the Summer Villages Office @ 780-586-2494**
